

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
1	Yes, although I might not use such a facility			Yes, I would use such a facility	Good place to meet friends outdoors during times of social distancing. Although may be will be vandalised in the night!?	Could be let out to personal trainers for a small fee (with permit required) as they use the park for their work but contribute nothing...
2	Yes, I would use such a facility			No	I think it would make the park less inclusive if there's potentially going to be drunk people there	
3	Yes, I would use such a facility			No		
4	No			Yes, I would use such a facility		Paddling pool
5	Yes, I would use such a facility			Yes, I would use such a facility		- Community Farm - Swimming Pool - Next Stop on the Victoria line after Brixton
6	No			No		A space for children to learn and engage with nature - growing vegetables & plants, woodland species etc. Accessible for school children and local residents alike
7	Yes, although I might not use such a facility			Yes, I would use such a facility		Croquet?
8	No sure			Yes, I would use such a facility		A local art gallery or market for all the artisans in Peckham might be nice :) thanks for such a lovely initiative.
9	No	Nature/wildlife education area for kids/disadvantaged/differently abled	Mini golf is vile and not inclusive	No	Litter, noise, bad behaviour, not inclusive	Something environmentally and ecologically positive and educational
10	Yes, I would use such a facility		Would be fantastic	Yes, I would use such a facility		
11	No		This is in the middle of the heritage park and the idea of plonking something so tacky and unsightly (your picture is misleading as the proposal as I understand it is for setting up a Plonk Golf site similar to the one in Horniman Gardens) is unthinkable. As a principle it is wrong to privatise parts of the park, making them accessible only to those who pay and all such activities-like children's playgrounds - should be outside the main very beautiful centre of the Heritage Park, as they currently are . Furthermore there is no need for yet more children's activities - especially ones that will be expensive for families to use. The site should be used for something that benefits older people (for whom there is no special provision at all at present) or opened up to become more integrated into the rest of that central Heritage area.	No	My points above apply. In any case there is already a licensed cafe. Why on earth would we want another bar? I am surprised that the agreement with the cafe allows the council to license competition so close to it.	Yes, as stated above. There is no need for yet more children's activities - especially ones that will be expensive for families to use. The site should be used for something that benefits older people (for whom there is no special provision at all at present) or opened up to become more integrated into the rest of that central Heritage area. If the latter, the hut could be dismantled (and perhaps sold to someone to re-erect somewhere) else , or simply closed to save on maintenance costs.
12	Yes, although I might not use such a facility			Yes, I would use such a facility		I think 2 tennis courts would be great here as we don't have any public courts near the park anymore.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
13	No	There are already plenty of children's 'fun' activities in the Park. There is no need for another, that visitors would have to pay for.	The photograph shown is not of a 'plonk golf' facility. A similar facility in the Horniman Gardens is basic and unattractive, not suited to the heart of a Heritage listed Park.	Not sure	The refreshments would be expensive as Colicis hold the food and drink franchise. However this does at least mean that the site would be open to older people.	The Green is historically the heart of the Park. The Green should be retained where is could still be used for croquet, not turned into another playground. The Green could be opened up at the southern end to make it more accessible. The hut rented to raise maintenance funds.
14	Yes, I would use such a facility			Yes, I would use such a facility		I think the spot is perfect for a licensed pizza restaurant and mini golf, similar to the one in Battersea Park which is hugely popular
15	Yes, I would use such a facility			Yes, although I might not use such a facility	The bar has to bring sthg better than what we can do by just bringing a bottle in the park and have a drink with friends on the grass.	You could have specific gym class that require equipment being held there
16	No		They have it in the horniman and it is expensive. Have you looked at stats for that space?	Yes, I would use such a facility	Yes if it was family friendly like a pub garden. And has toilets	A paddling pool for children like in Ruskin park. Run as a community asset with fund raising. Change it to French boules - remove the grass and replace with gravel. Badminton BBQ pitches with a sink block
17	Yes, I would use such a facility			No		
18	Yes, although I might not use such a facility			No	Too much potential for noise and damage to nature. The Gala festival has been terrible for the park and nearby residents. I realise a bar would be less troublesome than a festival but I still don't think it's appropriate	So many people are now using the park to work out which is great. I think a dedicated workout space would be useful where people can do yoga, tai chi, mat based workouts etc away from dogs and kids running around. You could also approach Everyone Active or local fitness studios such as Yogarise to put on free community classes in the space
19	No		I wouldn't use this space	No	I think it would promote anti social behaviour, plus it may have knock on effects to the cafe which is already established within the park. This option would also exclude certain communities within the area.	I would like an arts hub which would cater for the entire community, not just one section of it. My proposal for an arts hub would provide opportunities for toddlers through to pensioners. It would also create a safe space to allow members of the public to socialise and explore their creativity, promoting mental health. Burgess Park has Art in the Park Battersea Park has Pump House Gallery Dulwich Park has College Lodge Southwark Park has Dilston Gallery. I feel that it is time that Peckham Rye park had a creative space serving the local community.
20	Other, please state below	I think something for the growing Home Education community. Workshops and creative classes etc..		No		Something for the community or the growing Home Education community. Art classes, something creative. Somewhere for the home educated children to come together.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
21	No		I'm not keen on the idea of promoting golf as a sport as it uses so much land for so few people to enjoy, usually at considerable expense. However what about promoting croquet. The equipment is relatively cheap and would avoid golf's flying ball hazard.	No	Anyone visiting London parks since coronavirus will have noticed the increased litter left behind so I'm unhappy about the idea of promoting parks as alternative drinking venues. I'm sure pub landlords will feel the same. If there is to be any bar created it should only be to compliment a cultural /arts/educational activity in order to help make that successful. I think generally parks are rightly perceived as places that enhance health and an appreciation of nature.	As an artist who has drawn much inspiration from my many walks around Peckham rye I welcome anything that encourages people to enjoy its unique qualities, particularly if it encourages local creativity. Battersea Park has had a gallery for many years. I think 'The Bowling Green Gallery' has a nice ring about it!
22	No	I'd like an arts hub with activities for children and adults.	I understand that there Pastel & Smudge have approached the Council with a proposal. This would benefit the community much better than mini golf or a bar.	No		Yes, an Arts Hub would be much more beneficial to the community. Please allow permission for Pastel and Smudge to develop it.
23	No			Yes, I would use such a facility		I think this would make a great Arts hub for children and adults. With creativity being squeezed out of the curriculum it is important for people to have access to the arts. I have worked with Pastel and Smudge in delivering art to homeschooled children. I know she would be able to offer a vibrant space for people to use.
24	No	A place for older residents/ over 60's to meet away from noisy playground.	A place for older residents/ over 60's to meet away from noisy playground.	Yes, although I might not use such a facility		A Community Hub that is a space for workshops/ classes - meet-ups for those working from home.
25	Yes, I would use such a facility			No	There are enough pubs/bars in the area. A seasonal bar won't be enjoyed all year round and feels geared toward a smaller section (age group) than golf (above)	Open arts space - for Outdoor performances, classes and art installations If it's a pop up bar in the summer, then it could be used as an ice rink in winter
26	Yes, I would use such a facility			Yes, I would use such a facility		
27	Yes, I would use such a facility			Yes, I would use such a facility		
28	No			Yes, I would use such a facility		A community garden where people could learn about growing their own food, sustainability, soil, wildlife – plus green therapy workshops could be run. The produce could be the basis for the cafe/bar that is open in the summer months. Outreach could be done with local schools, charities working with refugees, disabled groups etc. Vital to nurture understanding of how food can be grown sustainably in the city – plus it has huge stress relieving potential.
29	Yes, I would use such a facility		Please make it dog friendly!	No		A lido would be great. More general games area - badminton, ping pong, boule etc.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
30	Other, please state below	I would like to see the green retained as a bowling green with casual bowling as well as a bowling club. Also would like to see the pavilion used as a cafe/bar space open to the public and into evening hours (if possible).		Yes, I would use such a facility		The green could be used for outdoor classes (such as yoga, exercises, crafts, cooking, etc) when not running bowling sessions.
31	No			Yes, I would use such a facility		A larger, expansive outdoor gym and fitness area to improve on the existing small area with minimal equipment. Access to free fitness and promotes healthy living in the community. Also a 400m running track as there is no athletics facility in the area - not sure if there would be enough space for that though.
32	No			No		Given the lack of communal areas for community groups to meet these days, this site would be ideal as a bookable space for these activities. Many organisations such as mutual aid groups have sprung up in the area during the Covid-19 crisis. They will find it difficult to continue their work unless there are physical spaces which they can access to hold meetings. There are no public spaces available in Peckham which facilitate these activities - creating one in Peckham Rye would enable these organisations to grow and develop in order to continue to contribute effectively to the local community.
33	Other, please state below	Flat & sheltered space to be able to skate, exercise etc in all weather conditions.	There are many wheel based activities such as roller skating that require smooth flat spaces, these are limited in London. Likewise being able to skate or exercise all year round outdoors is hard due to wet weather, having a space that has a roof (no need for walls) would open up the opportunity for people to access such spaces without spending more money on indoor venues (if they can even afford it)	Yes, although I might not use such a facility		spaces that are smooth so roller skaters can access them.
34	No		Given the levels of depravity in the local area, and urgent need for community spaces, the using of this space for anything other than a free community space is unacceptable.	No	Given the levels of depravity in the local area, and urgent need for community spaces, the using of this space for anything other than a free community space is unacceptable.	I feel the space needs to be turned into a fully fitted community hub, that groups can book for free.
35	No		There is already a severe lack of free accessible green spaces for the general public to use in Peckham/Nunhead area. Even if the mini golf area may be free entry (which is unlikely) it will cost the council a significant amount of money to build and maintain. A mini golf area doesn't encourage local engagement, thought or ideas to turn the space into something that actually benefits the community as a whole. Something along the lines of a community centre, youth centre or a creative space, a flexible space that can be used for different purposes and serves the local community would be far more beneficial in the longer term.	No	Southwark doesn't need another pop up bar. Who will manage the increased noise pollution and rubbish produced by the bar and it's clientele? The local community will be the ones to take the brunt of both. It will turn the area from a place of relative quiet relaxation to just a lot of unnecessary mess.	A community centre, youth centre or a creative space like an arts gallery. There is such a rich history that exists in Peckham/SE London. Why not create an opportunity to celebrate this and its residents' history and stories instead? I wouldn't mind paying a small fee for this rather than yet another redundant mini golf course or pop up bar.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
36	No		How about a dog park, for dogs only? There are numerous green spaces where yes you are allowed to take dogs, but where they have to be on a leash and they are not enclosed so not all dog owners can let their pets off leash. A dog park in Peckham would be the first of its kind in SE London and would certainly attract dog visitors from far and wide.	No	There are enough bars in Peckham	Please see my first suggestion for part of the space to be used as a dog park.
37	Not sure			Yes, I would use such a facility		Acoustic performances - theatre, storytelling and music events.
38	Yes, although I might not use such a facility		Once used once there is little point going there repeatedly.	No	Theres enough places to drink lots and be unhealthy. The space should be used to promote healthy living.	Tennis court - tennis courts have been in very high demand this year. Impossible to book a public court anywhere, all the clubs are full. Panel court - growing in popularity. Basketball court/hoops for practice BMX track Bigger outdoor gym Cricket nets Any other appropriate sporting facility.
39	No			Yes, I would use such a facility		Could the bar also be open in the non-summer months, perhaps with fire pits to keep warm? It seems a shame to have the space unused for half of the year.
40	Yes, I would use such a facility			No	There are a number of bars already in the area and think this specific area should be used for social sports activity for families.	Pétanque (french bowls) - examples such as in cleaver square, Kennington Tennis courts Pop-up cinema/open air theatre Allotments Outdoor Rock climbing / bouldering wall
41	Yes, I would use such a facility			Yes, I would use such a facility		
42	Yes, I would use such a facility			Yes, I would use such a facility		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
43	No		It's too small for a good facility and this is realistically unlikely to be financially viable	No	This can be more sensibly run from the existing cafe and on the common. The Bowling Green area will be heavily in shade in summer evenings and cold, the common is in sunshine until late and is not restricted by the 9.30pm park closing time. The cafe also has toilets in addition to the park toilets being available until 9.30pm.	My son suggests it would be a good additional picnic area as the current area is too small and crowded in the summer, also the ground is very bumpy and the trees drop a lot of cones etc. The flat ground in the bowling green would be a good sunny dog free picnic area. The building could provide additional toilets or second cafe. I would suggest something that would appeal to dog owners as they are also heavy in footfall. The pavilion might work well as a commercial opportunity for a SME dog groomer/pet store. Perhaps ancillary doggy day care use of the green space - post lock down with people returning to the office people may find their new pet dogs struggle with being left home and demand for doggy day care may rise. Or it might work as an early years setting (as happened with the building on the old Lido site).
44	No	Please don't rent out part of our public space. What the park needs desperately is space for teenagers - consult with them about what they would like	Teenagers need places they can hang out together without attracting police hostility. There are virtually no spaces for them in Peckham any more. there are plenty of things for young professionals and families to do in the area, so no mini golf or other costly activities please!	No	Peckham is awash with bars. Teenagers need space. see above!	Consult with local teenagers and ask them what they would like to use that space for, then invest in them.
45	Other, please state below	Inflatable children soft area to play.	With indoor play centres closed this would be great alternative	No	Drinking in public places should be reduced and not encouraged. Why not make a coffee / tea space ? Fresh juice bar ?	Children sandbox, corn maze
46	No			No	There are already enough bars in Peckham!	Something for teenagers to use - survey 13-17 year olds.
47	Yes, I would use such a facility			No		
48	No			Yes, I would use such a facility	Yes, but it should not just be a bar. Keep the bowling green open to provide a community activity for young and old.	I think the bowling green should be reintroduced with a bar area. The bowling green would allow people to participate in an activity- both young and old. A bar area for players would add to the community spirit. I do not think it should just be a bar area for drinks, it needs to bring people together through an activity rather than just drinking.
49	No	I would like to play bowls	I would like to bring together people of different ages to play bowls.	Not sure		
50	Yes, I would use such a facility			Yes, I would use such a facility		A pop up food and drink area? We could invite different food vendors to do residencies for a month at a time. Including food and drink means it's more inclusive to the whole community. And supports lots of local businesses.
51	Yes, I would use such a facility		Mini golf is fun and nice entertainment for all ages	Yes, I would use such a facility		Not atm
52	Not sure	Maybe a green maze could be build there!?		Not sure		Maybe a green maze could be build there!?

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
53	Yes, although I might not use such a facility		I think it could get boring once you've done it once	Not sure	Not sure we need it when we have Frank's but it would be good if it's not just about drinking, perhaps you could provide table tennis areas and bowls and the bar is alongside that.	As above, I think it's good to encourage a variety of outdoor activities as well as a bar, croquet would also be a good one, as well as an adult maze and giant chess etc would also be great if it served pizzas etc and I think it should be aimed at adults rather than children :)
54	Yes, I would use such a facility			No		Children are already well catered for with the playground. Could it be an outdoor theatre? For acts, pop ups and shows. What about restoring it as a modern bowling green or outdoor bowling alley? Something for all ages. Include archery? Definitely not a licensed bar - there's enough in Peckham - doesn't seem suitable close to children's play areas. What about tennis or netball courts?
55	No	The space should be used as a bowling green- there are still many elderly folk in the area who would benefit from the place to socialise, exercise and look after their health and well-being. Talk to Bstar- get community groups involved in the planning.	Alternatively use the space in another way that's suits the community- the real long term local population. Go to the Rye Hill estate and talk to the residents- Peckham Rye Park is the garden of those of us who live on the estate.	No	Peckham has enough bars, and I don't think that a park is really a suitable location for a bar- if you really want to drink in the park- bring drinks with you, it shouldn't be encouraged or go to one of the MANY bars on rye lane. The park should be a place for the community, not just for making profit.	What do our teenagers need? You've taken the adventure- you're trying to take the tenants hall- what's left??? There needs to be space allocated to their needs- a youth club- not for the young kids but the 12-17yr olds. There is nowhere for them- all their spaces have been taken over by young families who fight to get their needs met then move on when their kids have to go to secondary school. Free or donation activities should be available. Football training/physical fitness/somewhere where teenagers feel safe and can build trusting relationships- (like they had at the adventure!!!) Go to Harris- go to Peckham Academy- ask the kids what they need.
56	No			No	No need in Peckham for any more bars!	It should be an adventure playground or similar, staffed with play workers, for teenagers and young adults. They can no longer use the adventure playground that was on the Rye because it has been taken over by parents and carers of young children. They need a space where they can properly exercise their bodies and minds without being told off for being rough all the time. Get young people themselves involved in planning, and involve Patrick Pierre-White from the brilliant Dog Kennel Hill Adventure Playground.
57	No		Mini-golf is cheap and tacky. Keep the park classy by retaining its simplicity of design, and save money at the same time. If the green and pavilion need reconfiguring, why not merge the space into the surrounding planted areas or design a modern, simple garden or open area.	Yes, I would use such a facility		I don't think the park needs more activities.
58	Yes, I would use such a facility		It looks very fun and if it was reasonably priced I would go with friends as a 25 yr old. Definitely do discounts for older people, and you could link up with some voluntary and community organisations to give their user groups free days out (post-Covid) e.g. Link Age, South London Cares, Southwark Carers	Yes, I would use such a facility		A Steel Warriors outdoor gym like in Ruskin Park (which is always very busy). https://www.steelwarriors.co.uk/
59	Yes, I would use such a facility			Yes, I would use such a facility		Outdoor chess boards would be a really nice addition to the park and this would be a great place for 4-5 of them.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
60	No		Making a space that is currently free to use into a space that requires a fee would be wrong. This is a community space, for everyone, not just those who can pay. I love mini-golf, but I wouldn't use it because I find the idea of charging a fee to use public space too objectionable.	No	We honestly don't need to turn every patch of grass into Pop Brixton. For the love of god, please chill out on the pop up bars. Nobody wants this. How about more facilities for kids and people who don't drink?	I have heard an arts hub proposed, or some kind of community centre. Both would be great.
61	Yes, I would use such a facility			Yes, I would use such a facility		
62	Yes, I would use such a facility		I would maybe use this once a year with the kids	Yes, I would use such a facility		
63	No		Why not stick to it being a bowling green?? I used to use it as a bowling green, and would still enjoy doing so if it were ever open. I don't see why mini golf would be better? It seems like un-necessary disruption and landscaping work. Why not preserve the resources and use what exists already?	Yes, although I might not use such a facility	I would like to see this ALONGSIDE the bowling green being used as a bowling green. Bowling and booze appeals, as does bowling and teas.	Use it as a bowling green with teas, as it used to be!!
64	Other, please state below	All weather tennis court, or another discrete garden, like the Sexby garden. Perhaps something like Derek Jarman's garden in Dungeness, planted to reflect the climate change, with seating areas.	The park is not about retail - it doesn't need another cafe or bar. I think the area should be landscaped to provide another space for more contemplation and relaxation. Something that ALL residents can use - not just those with £ to pay for drinks or mini golf. It should be free. Or: A tennis court offers the opportunity for Peckham residents to keep fit and could help generate some income. Dulwich Park and Ruskin Park both have tennis courts, but there are none local to Peckham. One or two tennis courts would boost visitors to the park, provide health benefits and generate some income.	No	The area is well served by bars and restaurants, it does NOT need another. Also it would potentially cause more litter and noise, and encourage drinking (unhealthy - and Southwark aims to encourage its residents to be more health conscious). The park is for primarily for nature and exercise. How about providing something healthy instead, like a tennis court, or a new landscaped area to sit with the rest of the beautiful park? Somewhere for residents to sit and reflect and enjoy nature. NOT a retail space. It has to be free for all to use, and available for all abilities/disabilities.	
65	Other, please state below	I would like it as outdoor facilities, for things like yoga, pilates tai che etc, outdoor dominos or marjon for older communities..?		Yes, I would use such a facility	Yes if they served good food. The cafe in the park if ok. But would be nice to have a better Restuarant in the park. Would definitely come	Made into a community garden and community centre ..?
66	Yes, I would use such a facility			Yes, although I might not use such a facility	It's a bit limiting. Anyone can play mini golf. A bar is really only going to appeal to those without kids. Also, you can bring your own beer to the park anyway!	I think an activity that appeals to the wider community is perfect. The mini golf makes sense.
67	Yes, I would use such a facility			Yes, I would use such a facility		I will use it for birthday parties

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
68	No			No		yes I would like a small band stand with electricity - I think the space should be used for outdoor theatre and cinemas for local - a bar will create litter and poor behaviour with no toilets - we have two theatres in peckham how about we work with them or with local schools for arts performances.- build a gazebo and let's have our door cinema too - sell tickets to help upkeep for shows and films - outdoor silent disco would be cool too - support local music - a small ice rink in the winter for kids
69	Not sure			Yes, I would use such a facility	We should embrace the outdoors and use such an are and facilities to generate income to put back into the community.	Have more areas for small groups to meet and sit down. C19 is here for the foreseeable future and we need to work around it. We are fortunate to have this green space and should make the most of it.
70	No			No		Farmers market
71	Yes, I would use such a facility		Mini golf is a great idea, given how many young families use the park	Yes, I would use such a facility	I would prefer a family activity like mini golf, however	
72	Yes, I would use such a facility			Yes, I would use such a facility		Outside water play area with fountains, sprinklers and water jets.
73	No	Bmx track, skate park, fitness area, basketball, table tennis, volleyball, tennis courts. Youth adult/youth area/centre safe place to hang out	young adults and teens need more safe outdoor places to engage in free activities/sports. Mini golf requires the placement of several large, unsightly and permanent structures that would spoil an otherwise nice and attractive nature area. I presume it would also not be free and require specialist equipment. This would exclude many local people on low incomes from using the space regularly.	No	The park should be a safe place for families, young adults and teens and the possibility of drunkenness in a park setting should be minimised if at all possible not encouraged.	make it free and appealing to all age groups enabling regular use for all not a select group of people and make sure this includes teens and young adults. Thank you
74	No		There's already mini golf at the Horniman and it never seems that popular.	Yes, I would use such a facility		An outdoor climbing wall Lido! 😊
75	No		This would only be available to those paying a fee not all park users.	No	There are a range of refreshment options available locally. Existing local businesses need support at this time not further competition. Also this proposal is only for the summer months - what would happen to the area outside this time?	The use of the area should be for all park users. Could this area be managed in a way to attract wildlife? The pavilion could be removed. The existing fencing means the area is already separated from the park / access restricted. An area managed for wildlife with viewing areas would attract wildlife which would attract people to the park. Children could see and learn about wildlife - something children in London miss out on. Covid means school trips will probably be reduced due to extra measures that will be needed so extra nature and wildlife locally will be of benefit. Keeping the area for wildlife will mean less potential Covid transmission issues. The importance of nature and how to keep the benefits of this post pandemic have been recognised. This should be a consideration for any plans.
76	Not Answered	I would like to see a bowling green	It is built for a bowling green and could encourage us all to get active	No		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
77	No		it is not in keeping with the feel of the space as a public park. This is an 'attraction' and would make the park feel tackier.	No	Cafe already serves beverages. I imagine it will either be at a price point where most will pass it for a pub or if cheaper will encourage more drinking in a park, which is used most heavily by families with young children.	With the right people/ creativity on board this space could relaunch garden bowls or petanque for a broader crowd. Alternatively could be a good, safe enclosed space for families with under 5s. Perhaps a baby paddling pool/ water fun area similar to that in Brockwell Park.
78	No			No		Child centric art and pottery workshop. Return it to a working bowling green in memoriam of the recently deceased David Bryant, British Olympic bowling gold medallist. Tennis courts. Waterpark. Outdoor cinema. Small outdoor unlicensed events venue for young artists One O'clock club.
79	Yes, I would use such a facility			Yes, I would use such a facility		Tennis Courts - Peckham Rye is one of the few parks in Southwark without tennis courts
80	No		This is a profit making activity & does not contribute to the community or enhance the space.	No	Will make the park unsuitable for children & encourage anti social behaviour. The park is a peaceful refuge & a place of calm in a busy city. It is not a pub.	An activity garden for children or a vegetable garden like the one in Horniman's Gardens. Something that is free & contributes to the communities mental health.
81	Yes, I would use such a facility		I LOVE MINIGOLF. MY YOUNG DAUGHTER LOVES MINIGOLF	No	Its a lovely family area, a popup would rapidly get out of control	
82	Other, please state below	Bowling green	It was well used and great fun when it was used as a bowling green and cafe why change to something else.	No	The cafe sells alcohol so we do not need a bar in the park	
83	Yes, I would use such a facility			Yes, I would use such a facility		badminton and/or tennis course
84	Yes, I would use such a facility			Yes, I would use such a facility		
85	Yes, I would use such a facility			Not sure		The park does not have much play equipment for children in wheelchairs which is disappointing especially given the new play area was recently developed. A swing for wheelchair users as they have in Dulwich park would make the park better from an equality and accessibility perspective.
86	Yes, I would use such a facility		Great family fun	No	Not good for families with drunk people around	
87	No		The space would become noisy and overrun. The mini golf at the Horniman which I imagine would be comparable was tiny and overpriced.	No	I think the park should be for relaxing, health and connecting with nature. Not for drunken people.	I think you should improve the bowling green! You should advertise it and make sure people know it is there and that there is a little cafe. We went when the children were a bit younger and had a lovely time as a family. I think you need to make what is there better and tell people about it and also about the refreshments facility (which I assume is still there; this was a few years ago).

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
88	Yes, I would use such a facility			Yes, I would use such a facility		
89	No			Yes, I would use such a facility		A restaurant/venue would be great. The other place in the park is rubbish
90	Other, please state below	I would love to see the area used for cricket nets, to be used and enjoyed by children and adults	mini golf on that location will be limited by the space and will have a limited interest lifespan for local children. Cricket nets have much more longevity in respect of use and interest	Not sure	depends if the prices are as ridiculously high as the park cafe - completely discriminatory	cricket nets
91	Other, please state below	I think this space should be used to create cricket nets for use by the local community.		Not sure		Only if it was appropriately priced - for example not on the same scale as the Peckham Rye cafe, which is prohibitively expensive to most park users.
92	No		Mini golf is not in keeping with the historic nature of the park and would create a tourism-themed park as opposed to a beauty spot that all can enjoy, especially residents nearby	Yes, I would use such a facility		Tennis courts would be an excellent use of the space. It would encourage healthy activity that everyone can enjoy whether they be families or individuals. It is the one thing that the park is missing!
93	Yes, I would use such a facility			Yes, I would use such a facility		
94	No			Yes, I would use such a facility		In Victoria Park they have similar buildings split between a cafe and a community space. The space can be hired for a small fee and used for yoga classes, a kid's birthday party, Xmas fair or pop up gallery etc. It would just need basic utilities- a bathroom, baby change and small kitchen area with sink. If the green could remain exclusive to the space it gives it a point of difference over the other cafe and could create another dog free clean area to sit out as so much of the park is littered with beer bottle tops etc.
95	No			No	The noise and disruption from this would be very harmful to nature currently living close to this.	Redeveloped with native planting and no access for public to allow more safe spaces for nature in park. If this is not possible then a complete ban on dogs in this part would help. Too often dogs are allowed off leash into all areas of park disrupting nature and other people using the park.
96	Other, please state below	Bowling green!	Err your consultation is Flawed, you state it's currently under used and costs a lot to maintain, yet it's not been open for a number of years. The associated maintenance cost with no contribution from fees etc are entirely down to Southwarks running down/inactivity/failure to promote and use the facility	No	No, entirely inappropriate use for location in the centre of the park. There are plenty of bars in the surrounding area, this use is not needed, nor sympathetic or complimentary to the location	Yes, a well run and publicised bowling green

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
97	Other, please state below	A bandstand		Yes, I would use such a facility		<p>I'm thinking this could become an outdoor performance space for the local community. For performances of all kinds. Make a well designed spacious stage that could be use for theatre, for music and for dance.</p> <p>Make sure it's acoustically designed, so it has a bit of iconic impact like the amazing Crystal Palace Bowl stage.</p> <p>Would need full mains supply, and the bowling green could become a wonderful contoured viewing area/auditorium.</p> <p>This would become a wonderful focal point for emerging local talent and summer outdoor performance.</p>
98	Yes, I would use such a facility			No	The park has turned into a festival this summer, litter, loud music, drunk people. You would be proactively encouraging people to see the park in this way. I can already see the empty plastic glasses that will be lying all over the place.	
99	Not sure			Yes, I would use such a facility		
100	Yes, although I might not use such a facility		I can see it would be good for Young families. My kids are grown up!	Yes, I would use such a facility		<p>Outdoor performance space.</p> <p>This could be done quite rapidly while Covid is still with us while theatres and cinemas are restricted.</p> <p>Lots of local bands and singers, great for theatre including say link up with Peckham shed theatre, and Sept is a good month for outdoor cinema.</p> <p>The area is enclosed and therefore easy to control access and enforce social distancing. Some tent like cover against rain for audiences would help.</p> <p>This could be done in evenings and therefore compliment daytime use as cafe or bar. But a mini golf course would lock in to a single use.</p> <p>Could test the public response by doing some pop up performances now while the consultation is going on.</p>
101	No			Not sure		A learning space for children to do activities such as Pastel and smudge!

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
102	No		This is too specialised an activity / Do you need something that is more appealing generally	No	I don't think there should be any form of drinking or beverages in the park itself, these are already well served by the existing café. The non-commercial, a non-sales outlet quality of the space should be preserved	It should be developed as some kind of performance space that was adaptable to theatre, music, stand-up comedy and live performance with modest noise levels and care for programming. It needs to be done in a way that doesn't disturb other users of the park, Or only operate during certain hours well advertised. Could also be used as an exhibition space, or nature of workshops for children... Space "relate to the actual environment, maybe gardening workshop or presentation by Nature experts And ecology with themed talks by guests. He basically needs to be run as a sensitive event platform with some modest infrastructure/lock up so that visiting events can use say a OA and don't have to bring equipment
103	Yes, I would use such a facility		It would be better if the area was free to use with open access. If the bowls was open o all would it get more interest? A bar in the pavilion might subsidise the existing use?	Yes, I would use such a facility	.	Pétanque boulodromes. These will have lower maintenance and more accessible (less equipment/skill) - it could be free to use and open access? Use the pavilion for a pop up bar and make the pétanque area free, but also an option to reserve for catered events/parties. The bar consuls subsidise the area.
104	Yes, I would use such a facility			Yes, I would use such a facility		A learning facility/ space for children pastel and smudge
105	Yes, I would use such a facility			Yes, I would use such a facility		Pétanque pistes
106	Not sure			Not sure		this part of London is in desperate need of public tennis courts. the closest publicly available courts are 1.5 miles away in dulwich park and are permanently in full use. others available are at belair park or Ruskin park, again which are always fully utilised, which indicates the popularity and strength of demand for the facilities, which have become even more popular post-covid.
107	Yes, although I might not use such a facility		Mini golf is fun but not something you would use often	Yes, I would use such a facility		A pétanque piste would be a great use of this space. Low maintenance and cheap to make.
108	Not sure			Yes, I would use such a facility		I'd love to see a pétanque pitch installed. A fun activity that is easy for kids and grownups to learn. Leagues could be possible. It's also more enjoyable to watch others play than mini golf, in my opinion. A nice leisurely game.
109	Other, please state below	Tennis courts	There are no courts in the area 2 would fit nicely in the space and much better for adult and kid fitness than mini golf	No	It is a family space. Pubs are for drinking, not parks	tennis
110	No			Yes, I would use such a facility		Barefoot bowls with a licensed bar is very popular in Australia (you play barefoot on regular bowling greens) I think this would be a great solution, the greens remain available for current members while appealing to a younger demographic and earning additional income from the bar.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
111	Other, please state below	Only if the price was less than £1 per person a round or there was an annual membership and it was targeted at toddlers		Yes, although I might not use such a facility		Tennis courts, basketball / something for teenagers
112	Yes, although I might not use such a facility			Yes, I would use such a facility		Pétanque pistes require less management than mini golf and would be great fun! I'm keen on a bar/ice cream station
113	Yes, I would use such a facility	I think it would be great if there was a large padding pool/ water fountain area for kids to play in during warmer months - which could even be changed into an ice rink in winter!	There is no water facility like this nearby . I've seen it in other parks and kids love it. There are so many children using the park I think it would be a real hit.	Yes, I would use such a facility	Nice to have something for adults on the summer	It could also be an outdoor cinema area - a big projector , and families could book to come and watch a film with a picnic etc . Would need more staffing though so probably a bit tricky
114	No	Bandstand / pavillion	A space that may be usable for entertainment in the day and evening for concerts, plays, storytime, yoga, meditation, talks, lectures, santa's grotto etc.	Yes, I would use such a facility		
115	Yes, I would use such a facility		Should be cheap - approx £5. ideally 18 hole, with some cool features. See Battersea putt in the park for a good example.	No		
116	Not sure			Yes, I would use such a facility		Outdoor pool and cafe
117	Yes, I would use such a facility		I love mini-golf and would use this regularly. It would need to be 18 holes, cheap (-£6), well maintained astroturf, with exciting features; water, windmills, multitiered. Ideally it is CRAZY.	No		There is nothing else I would like to have in the park other than mini-golf. Or perhaps giant statues of dinosaurs like in crystal park.
118	Yes, although I might not use such a facility			Yes, although I might not use such a facility		Lido?
119	Not sure	May only use a couple of times		Not sure		Basketball courts / tennis I think would get used more than mini golf
120	Other, please state below	Tennis courts would be very useful, with a small tennis shop and a public bar.		Yes, I would use such a facility	It could be year round if there were a supporting activity too such as tennis courts.	Tennis courts would be good. There is very little provision for public tennis nearby and it is a sport with very low barriers to entry.
121	Yes, I would use such a facility			Yes, I would use such a facility		
122	Yes, I would use such a facility			Yes, although I might not use such a facility		
123	Other, please state below		Tennis courts would be brilliant	Not Answered		Tennis courts

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
124	Not sure	I've seen this in some places and its very expensive. Perhaps if its not too "cheesy" and moderately affordable for a family of 4.		No	Already a lot of young people use the park and drink there, they don't need a bar. We have many licensed bars for drinking in Peckham, there are a lot more evening activities that would appeal to a wider group of people. (see below).	Summertime: could be a pop up outdoor cinema. could be used for many more pop up activities: ballroom dancing, small concerts, outdoor theatre. If Southwark had a bit of money, it could be redesigned to be a small amphitheatre for outdoor theatre or music, with an awning perhaps. Theatre could have morning and evening use, so appeals to all ages. You could appoint an artistic director, have a Peckham Rye Playwrite in residence? Or You could use a part of it to be a place for Boules (that people don't have to pay for if they have their own?). Something like the boules pitches in Haywards Gallery.
125	Yes, I would use such a facility		I think this would be a fab idea for all family's to enjoy	Not sure	Not to sure as people act funny with achool and not responsible	Could do like afternoon teas but I do really like the idea of mini golf
126	Yes, I would use such a facility		nice to have a mini golf course in this area, nice activity for the whole family	Yes, I would use such a facility	great to have additional facility at the park, as the café is very busy with children from the playground	open air cinema during the summer months
127	No			No		Must be something generally quiet. The Sexby garden and the Japanese garden are both quiet spaces where you can sit by water and be peaceful and there are ducks and other water birds that prefer to be away from noise. It's loveley and peaceful in the evening and the areas around it are well used by people who enjoy the serenity. Please do NOT open a bar! Perhaps outdoor yoga classes or similar? Exercise classes with restrictions on amplified music would be OK. But why not try and restart the bowls club? The one in Dulwich is well used, as was this one until the fire.
128	Yes, I would use such a facility			Yes, I would use such a facility		Tennis courts would be a fantastic addition. Although the pop-up bar/mini-golf sounds great, these would be fairly expensive activities, whereas tennis courts could be offered at minimal/no price to users.
129	No		Mini golf is primarily a one time thing - you wouldn't get repeat visitors so you wouldn't build a sense of community . Plus it's quite garish in a peaceful and serene park - it wouldn't fit in well.	Not sure	I really think we should keep the bowling green - the problem is that it's impossible to find information on how to use it - I would have hired it out for many a party if it was easy to book online/ ever seemed open. A bar/drink facility within the club house would be good - this barefoot bowls is very popular in Australia and suits people from all ages/demographics. That might be nice here in Peckham.	PLEASE PLEASE keep the bowling green but advertize and make it easily accessible and bookable. A bowling green can be so much fun (I am in my 30s) and would love to organise social gatherings here. Plus it suits COVID times well. A small investment in a suitable website to book the green and staff it is all that is required.
130	Yes, I would use such a facility			Yes, I would use such a facility		
131	Yes, I would use such a facility			Yes, I would use such a facility		Keep it as a bowing green and manage it properly with a bar and food angle

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
132	No			No	The cafe is already licensed and very close	Advertise and encourage bowling. I'm nowhere near the age to use but outdoor activities for older age ranges shouldn't be removed, they should be encouraged
133	Other, please state below	I'm always up for activities however not sure if mini golf is the best option.	I have to say that I really enjoyed the 'American Garden' (the space next to the bowling green) as during the summer months it was very quiet space where you could read a book and not to be surrounded by kids or drinking teenagers. Therefore I'd prefer to keep the bowling green for something quiet as it is now - peaceful oasis. Perhaps you could rent it for outdoor yoga or meditation classes. I've seen many people were practicing it nearby.	No	There are very many pubs and cafes around the park as well as off licence shops where you can get drinks if you want. I'm worried that this middle bit of the park which is very relaxing at the moment would become too busy and dirty space if a bar was opened here.	Yes. Some sort of sports classes (i.e. yoga) could take place there or even dance classes and events. For example it could be used for lindy hop evenings like it is very popular in Lisbon. Or it could become a badminton court so people could come and play for free.
134	Yes, I would use such a facility			Yes, I would use such a facility		
135	Yes, although I might not use such a facility			Yes, I would use such a facility	The existing cafe is very successful. The park is well used by a range of people. The facility would be well used.	Important to provide a covered area within the park to widen the scope for longer stays in rainy weather. The design of the cover is important. It needs to be vandal proof as far as possible. The cover would complement the pop up bar.
136	Yes, I would use such a facility			Not sure		
137	No			No		POPUP EVENT SPACE For example... theatre , film, farmers market , wild life talks, live music, art exhibitions Christmas market.
138	Yes, I would use such a facility			Yes, I would use such a facility		
139	Yes, although I might not use such a facility			Yes, I would use such a facility		Lido Tennis Table tennis
140	Yes, although I might not use such a facility		Me and my family would probably only use once or twice in a year. There are other facilities that we would use more often and so could be more of an asset.	Yes, I would use such a facility	I would be concerned about increased litter and pollution so would want assurances that this would be tackled as part of any plan to introduce. You could be innovative and be the first council to insist pop ups operate using cup deposit schemes and get them nicely illustrated and branded by the community. I helped a local council reduce their landfill at a festival by 70% this way.	There might be a better location in the park for this but I would love to see a lido or paddling pool. This would be great for all ages. An outdoor theatre or cinema would also be great and provide a platform for local and young people to showcase work as well as potentially bring in income.
141	No		It's not in keeping with the peaceful natural environment of the park.it requires money to access.	No	There are a lot of licensed premises on rye lane and lordship lane. It would lead to littering and anti social behaviour.	Nature area Maze Sensory garden

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
142	Yes, I would use such a facility			Yes, I would use such a facility		In addition to no the bar, a cultural space to allow performers to play regularly... like at the cafe at battersea park; they extend the venue to become host to a series of evening concerts... could become widely available for different local community performance group, or a Peckham rye jazz in the park series during the summer. Note that the family picnic area is incredibly popular so thinking about how the performance space and bar links to that would be great (with toilet access etc). A great hub for people to gather abd socialise outside. And to support community music and performance as the park extension of the bussy building and Copeland. Looking forward to this!!
143	Yes, I would use such a facility			Yes, I would use such a facility		Lido
144	Other, please state below	I, and so many people I know would like a lido. The one at brockwell park gets so busy that it's just not viable with social distancing - having another would be SO valuable to bring the community together in a healthy summer activity		Yes, I would use such a facility	Brilliant!! Fun for adults and kids alike	
145	Yes, I would use such a facility			Yes, I would use such a facility		
146	Yes, although I might not use such a facility			Yes, I would use such a facility		Sorry I already completed the form but had a few more ideas... Community play shed - soft play and big family games (nowling, connect four, table tennis) for use and hire by local community groups to run free or low cost activitied. Online booking. Weekends for low cost birthday party hire to help pay for servicing of the facilities provided. Community library shed - drop off and take books for free. Community food growing area run by volunteers and local groups to help older people, those with learning difficulties and mental health connect with their community.
147	Yes, I would use such a facility			Yes, I would use such a facility		Would love a lido
148	Other, please state below	Swimming pool		Yes, I would use such a facility		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
149	No			No		In my opinion the best use for the space would be as a community fruit orchard or community allotment space, with facilities to give children, disabled people, unemployed people, and mentally ill people, the opportunity to garden. Few Londoners have access to a garden of their own, so having a community gardening space would be enriching & engaging for people in the local community. Making this a paid space (for example, the bar idea) would do the opposite, putting limitations on who can be there & for how long. There's also a particular difference between having the opportunity to harvest free fruit and veg, or spending money on alcoholic drinks. Lots of people in Southwark live below the poverty line and don't have easy access to fresh fruit and veg, let alone access to information on growing their own. Even if you don't go for this idea, I hope you'll use this space for something free & community focused.
150	No			Yes, I would use such a facility	As the owner of #####, I would be interested in working with you to create a unique offering in the park. We have a very local and loyal following and would look to create a community hub in the park where everyone is welcome, and we would ensure the function and facility is sensitive to its surroundings. I live in Peckham and a father of three and speaking with similar families we feel there could be an opportunity for a social hub in the area.	
151	No	Vineyard please.	Wine is interesting.	No		
152	No	A vineyard.	"Peckham Prestige" white wine enough to full a small swimming pool.	Not Answered		
153	Not Answered			Not Answered		I'd like to see a lido there as there are very limited swimming facilities in the area
154	Yes, I would use such a facility			Yes, I would use such a facility	I would use this facility if it had adequate recycling and waste disposal attached to it.	
155	Yes, I would use such a facility			Yes, I would use such a facility	So long as it was cleaned up and no rubbish was dumped around the park	
156	Yes, I would use such a facility			Yes, I would use such a facility		
157	Not sure		I think that the refurbishment for continued use as a bowling green allied to a pop-up bar could work. There was a successful bowling green on Clapham Common well used for social events and birthday parties by a range of people but especially younger people.	Yes, although I might not use such a facility		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
158	Yes, although I might not use such a facility			No	The bowling green is near a quiet area of the park and having a bar would disturb the peace. The park is one of the only quiet green spaces around so let's keep it that way? Wouldn't it be an idea instead to have a bar as part of the existing cafe?	water feature / water fountains for kids?
159	No		<p>You say above that you have been "approached by companies wanting to run outdoor activities such as mini-golf for a small fee". Please do not turn a part of a public park (aka free to use) into a for-profit venture.</p> <p>I can assure you, myself and my peers (all between 27 and 30) play bowls!! I recently went around the bowling green to look for a mulberry tree that is supposedly there? Anyhow, I was thoroughly depressed to see the bowling green has fallen into disarray; I think it would be an incredibly inviting place to play bowls. I have lived in SE22 since I was two years old, and have moved to SE15. I hope to live here in my later years, and play bowls well into retirement if that ever happens!</p> <p>And if it needs to have a small booking fee, to guarantee people show up, this can be administered/managed very easily through online booking systems, as parks often use for tennis courts (although, again, I stress this should be a negligible fee, just to ensure people turn up for their slots!!!)</p>	No	Another money-making venture; there are plenty of bars in Peckham, East Dulwich, Nunhead and Forest Hill. Please keep this space as free-to-use. It is eternally depressing to see public areas being siphoned off for profit. Who would a pop-up bar in fact benefit?	Bowls!!! And variations on bowls! If covid-19 has shown us anything, it has shown how free outdoor social opportunities are VITAL! Bowls is precisely this! And it is a fantastically socially-distanced game! No contact required (other than the bowl to hit the jack!!!)
160	Yes, I would use such a facility	Outdoor trampoline park would be welcome too.		Yes, I would use such a facility	Need to be mindful of security in park, esp for women travelling alone to pop up bar.	Outdoor cinema screening in summer. Bring back rounders!
161	No			Yes, I would use such a facility		
162	No			Yes, I would use such a facility		How about using the space for outside exercise. Thai Chi, yoga, Pilates, cardio and strengthening classes. As a Pilates teacher, one of the positive fallouts from COVID-19 restrictions has been the increase in the number of people using Southwark parks to exercise outside. I appreciate that as the weather turns exercising outdoors may seem less appealing but in a well thought out session with warm clothing it's still possible to exercise outside while gaining all the benefits of being with other people in the open air. Many colder countries than ours have very good traditions of outdoor exercise and movement classes that we can draw upon.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
163	Other, please state below	A modern day lawn bowls facility - "barefoot bowls"	Bring back the lawn bowls but with an Australian spirit - Lawn bowls clubs aren't stuffy places over there, they're fun, normally pay-per-session, always with well priced cold drinks, and a real community hub. They are very much NOT just for the older generation - check out "barefoot bowls" to get an idea - I would love to see bowls return to the Rye! Bring back the "Bowlo"!! PS check out what places like Flight Club and Bounce have done for Darts and Ping Pong in Central London!!	Yes, I would use such a facility	Definitely. Pay per session barefoot bowls plus a pop up bar would be VERY appealing...	
164	No	Provision for youth project	With so many closures of youth centres over the last couple of decades it seems an ideal opportunity to create some form of youth arts venue.	No		I am aware that Pastel & Smudge are looking for facilities to provide art classes. something that is sorely needed and creates so much fun and joy for so many people of different ages
165	Other, please state below	Jamboree musical and food Activities.	As lot of people have lost their job or business premises due to the impact of Covid-19, it would be nice to use the space for weekly pop up events where residents and other visitors to the Borough can display their stuff to sell - Musical stand, food stall etc.	Yes, although I might not use such a facility		Jamboree musical and food events. Then, have different outdoors activities for children and families.
166	Yes, I would use such a facility			Yes, I would use such a facility		Weekly farmers market Outdoor yoga
167	Other, please state below	Bowling green	We liked it as a bowling green to be honest. I am sure that if you revamped it and also used the building for eg children's parties you would break even. A bowling green would be more in keeping with the park and area than mini golf which is a bit tacky.	Yes, I would use such a facility		We liked it as a bowling green to be honest. I am sure that if you revamped it and also used the building for eg children's parties in the day and adults events in the evening you would break even. A bowling green would be more in keeping with the park and area than mini golf which is a bit tacky.
168	No			No		I think it would be a good space for a community orchard. The orchard in Dulwich Village is an example of a beautiful and tranquil space for everyone to enjoy. Once established, it would require little maintenance.
169	No		It's a bowling green for bowling.	Yes, I would use such a facility	Would really love a bar. There are not enough pubs in the area.	Keep it as a bowling green with a bar.
170	No			Yes, I would use such a facility		Open air theatre, kids theatre, nature garden for kids to plant and local schools to come to, modern walled garden with herbs and spices linked to a cafe/restaurant serving food using ingredients, musical garden with instruments for people and kids to use, a maze with clues, tennis court There are so many innovative ways this could be used (some listed above) and if you're looking to get cash I think food pop ups would be better used by more people and could link up with start ups in the community.
171	No		This is a niche activity and there are lots of other golf facilities in the local area	No	Its not the best location for this type of use and would create noise and disturb the tranquility of the surrounding garden spaces and woodland.	Dog agility course. The nearest space with dog agility equipment is too far to travel without using a car. With the upsurge in dog ownership a secure facility would be really great to encourage people to train their dogs. Links could be made with local vets and trainers to run classes.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
172	Not sure			Yes, I would use such a facility		An outdoor chess area, with several small tables and a big chess table set amongst a wildflower meadow
173	Other, please state below	Mini golf is an awful idea as it will not fit in with the surrounding gardens. A putting green would be more suitable than crazy golf (if it had to be golf).		No	Selling alcohol will result in antisocial behaviour, increased late night activity in the park, dilution of gentle recreational purpose of the park.	A properly ran bowling green Or French boules (two or three pitches could fit). A non-licenced cafe could also be set up with public toilets. A ban on ice creams vans would drive footfall to this cafe. Income from visitors to the boules would be supplementary only.
174	No			Yes, I would use such a facility	This could be a good place to socialise that isn't noise polluting as it's not near residences	
175	Other, please state below	Possible two other options would be a pure wildflower/wildlife area. Or a bandstand for Saturday or Sunday concerts.	I think an enclosed true wildlife meadow would be very welcome. An area which could be tended by park gardeners and possibly local volunteers. It wouldn't need constant attention, perhaps only a couple of times per year. A wildlife area would be my strong preference out of the two I have noted here. I understand that a bandstand and concerts were once a regular event in the Park (or on the Common?). Perhaps surrounded by a rose garden. Just a couple of thoughts to add to many you have received I am sure. I live very close to the park and use it regularly. I must confess that I have not approved of the end of May "Gala" that took place last year and the year before. Too much noise and disruption to the park and its regular users. Perhaps a weekend concert, as per above, would be a better alternative and not quite as invasive as the "Gala".	No	Not needed. The cafe on the Rye is perfectly adequate.	As above,
176	No			Yes, I would use such a facility		A coffee shop would be a lovely thing (like the tennis cafe in Burgess Park)
177	Yes, although I might not use such a facility			Yes, I would use such a facility		A 'play' area for older people, providing facilities for oaps to stay active and socialise at the same time
178	No		Were Crazy Golf or any of its similar iterations at all popular, facilities would already exist! They don't, therefore it's unlikely to be either popular or profitable!	Other	I would support the provision of hot & cold & limited alcoholic beverages at the type of facility I outlined below...	Create some Covid Safe Dance Pods for Socially Distanced Dancing Individual pods for familial groups give each pod its own toilet DJ's have been unable to perform for Dancing throughout lockdown! Dancing and Swimming are the two activities I missed the most throughout lockdown. Currently there is nowhere outside the home where one can legally dance! I'd even use it if it was a Silent Disco a format I'm not even a fan off! Desperate times = Desperate allowances...
179	Not sure		I think there are plenty of family based activities in the park already.	Yes, I would use such a facility	Yes it would be nice to have an area to meet friends without having to sit picnic style.	Maybe not for this area, but I would love a fenced dog park somewhere. There are lots of dogs in the park that would benefit from this!

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
180	No			Yes, I would use such a facility		A roller skating rink would be good , roller skating is covid compliant with Marshall's (needed anyway) you can charge pre hour or session . The pavillion could be used as a pop up tea shack or bar in the night . You could also have local djs and nights . Roller skating even keeps you fit . What out lay could be recouped by the admission fees .
181	Other, please state below	Leisure, refreshment and rest facilities.		Yes, I would use such a facility		Coffee shop with breakfast or lunch options
182	No		Will bring in too many people to a quiet area of the park	No	Will encourage more littering which is a HUGE problem for park	Croquet Club/bowls club. Aim to attract a younger demographic
183	No		This seems like private companies trying to take over park space and probably wouldn't be that inclusive.	Yes, although I might not use such a facility		- A lido would be so popular and my first choice, but I think it might be going in another area of the park? - A big free BBQ area with seating etc for families to meet up together.
184	Yes, although I might not use such a facility			Yes, I would use such a facility		
185	Yes, I would use such a facility			Not Answered		
186	Not Answered	I would like it to be used as a dog training facility.	You already have two children play areas, a picnic area dog free and many other family specific areas. It would be nice to have a special dog training area, especially since most of your Borough have dogs.	Other	I really don't think Peckham Rye needs more drunk people leaving all their rubbish and causing a nuisance.	I am a professional dog trainer who spends the majority of my time in Peckham Rye. Southwark have a vast number of dogs in their borough and there should be a scheme for dog owners to undergo basic (but very good!) training with their dogs. This is a perfect area as it is secure whilst also being surrounded by distractions. A real life setting. I have sent messages in years ago about this green, as it is so ideal and would help solve a growing issue. I spoke once to someone to suggested a possibility of funding some dog training for poorer/less fortunate families but then talks didn't really go any further. You already have two children play areas, a picnic area dog free and many other family specific areas. It would be nice to have a special dog training area, especially since most of your Borough have dogs.
187	No		I do not feel this would be in-keeping with the aesthetics and atmosphere of this part of Peckham Rye. All 'commercial' activity is based around the cafe, and the kept gardens should remain quite and peaceful	No	Same reasons as above	Lido
188	No		Only appealing to a certain demographic of the community	No	There are a lot of bars already in the Peckham area, totally unnecessary and again only services a small demographic of the community	I think it should be changed into a community allotment like the one in Dulwich park of which I used to support. Southwark is lacking in new allotment spaces for residents to access, I have been waiting 7 years for a space. Free space should be given to those who are not lucky enough to have a garden to be self sufficient and will encourage the integration of young and old and will encourage knowledge sharing and educate what self sufficiency encompasses. There are enough bars in peckham, this idea would only appeal to a certain demographic as would mini golf only appeal to young families. Allotments can be enjoyed by all and are are seriously lacking in Southwark. I would be happy to help get this up and running.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
189	No		Re: mini golf. Comparable activities elsewhere (e.g. pop up golf at Horniman) are not for a 'small fee', but £6 for adults, £4 for kids e.g. £20 for a family of 4!	No	The park area should be an inclusive community asset - relaxation, exercise, play. A pop up bar in the park would change the nature of who would be feel comfortable there. There is already a cafe that serves drinks close by.	<p>I think the space should be used for an inclusive community activity:</p> <p>Community bowling green: I know the bowls green is underused at the moment, but this is because its unclear if you are allowed to access it. Also. you used to be hire bowls for a small charge from the cafe, but if this is possible, its not clearly advertised.</p> <p>Games area: Table tennis/chess-board tables. (equipment to be hired for small fee)</p> <p>Community kitchen - pop up food from a range of community groups</p> <p>Community herb garden/allotment - include gardening activities and workshops for adults and kids</p>
190	Other, please state below	Outdoor laser tag activity	I own an outdoor laser tag company (Adrenalin Rush) www.arush.co.uk and am looking for a permanent location in the area. The bowling green would be ideal as it is secluded and enclosed.	Yes, although I might not use such a facility		Outdoor laser tag. The bowling green is in a secluded location and already has a boundary. Laser tag is suitable for anyone aged 6+ so is great for birthday parties, corporate events, sports teams, family events and fundraisers.
191	Yes, I would use such a facility		A lot of parks have these and are always busy	Yes, I would use such a facility		
192	Yes, I would use such a facility			Yes, I would use such a facility		<p>A bowls club? Or perhaps a table tennis club?</p> <p>Or maybe a live music venue in summer months. With seats and tables rather than people stood up</p>
193	No		The park should not be used for private companies to make a profit. It is a vital green outside space that should be maintained as such. The likelihood of elderly people and those on low income feeling welcome at such a space is low. This sort of facility will only serve to further gentrify the area.	No	Again, the park is a green space. Adding pop up bars ruins the value of the park, causes an increase in litter and anti-social behaviour. There are already plenty of bars in the area.	<p>A community garden, or a wildflower meadow. A quiet, green space - something to mitigate against the levels of air pollution in south London and to encourage wildlife, and an area for local communities (especially young people and marginalised groups) to engage with and learn about responsible stewardship of nature. Or some kind of outdoor sports facility specifically aimed at the elderly or people with a wide range of disabilities.</p> <p>If generating income for the council is a priority in decisions regarding the space (which I do understand the importance of in the current climate) I'm sure there are other organisations and companies that can be brought in to help achieve something more sustainable and in keeping with the rest of the park than a mini-golf provider that is likely to want to serve alcohol/market the space as a night out. Also, if this is about income - investigation of reopening the lido at the other end of the common should be properly explored.</p> <p>Also, re income - what does the council do to ensure that significant number of personal trainers/companies who use the park as a business venue make appropriate contributions to the upkeep/sustainability of the park?</p>

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
194	Yes, I would use such a facility		Only if it looks like the picture in the survey example. The plink plonk On the website is really ugly. Loads of plastic, Colours not right for a beautiful space, looks cheap and nasty. I would not use if badly made and without thought for the surrounding nature.	Yes, I would use such a facility	Fun and outdoors. Shelters for sun and showers.	Ice skating in the winter Outdoor theatre/walk about productions
195	Other, please state below	The space lends itself far more to 2x tennis courts which, like in Dulwich park and others in Southwark, are far more accessible to people, free and lead to active, healthier lives. I would support the building of tennis courts rather than a mini golf course.	Assuming that a mini golf course would charge an entrance fee, I don't think the park should open itself up to commercial attractions such as this. It isn't very inclusive, nor does it match other council objectives around encouraging more active, healthier lives. As set out above, I would support the building of tennis courts here. The space is perfect for 2 full size tennis courts which would allow childrens groups and free space for adults to exercise.	No	I don't think a pop up bar fits with the park ethos. There are already enough bars!	I think the finishing touches to an already beautiful park would be tennis courts and a well maintained paddling pool (similar to Ruskin park)
196	Yes, I would use such a facility			Yes, I would use such a facility		Band stand or outdoor live music facility.
197	No			No	because the park is a place to relax and should be an open space, there are enough places to drink in the area	Pétanque/ Boules Court
198	Not Answered	Commercially would anybody be interested in being their to manage it . Do we have any examples of of other parks who wish to redevelop their bowling green?	Plantings to extend the sensory garden. Varities of grasses. Wild flower meadow properly managed, unlike the one where the paddling pool used to be.	No	Not appropriate, suspect it wouldn't be sustained. Something that can be seen during the whole year.	Properly maintained wild flower meadow which requires as much attention as the Oval bed.
199	Other, please state below	Crochet Bowls Outdoor yoga/ tia chi/ pilates- private hire -- bit like Dulwich gallery space	Think it is safe enclosed spce that should be for gentle activities- very disabled friendly. Definitely Not for kids they already dominate most of the park Nd Rye already.	Yes, I would use such a facility	Pims in the evening. Gentle music- more swing jazz classical- not sure how you would police and dodgy walking through Rye to access for loan women. Ov Pen air cinema- when free of Covid restrictions	
200	Not sure		This area is right in the middle of the park and I'm worried that it would spoil the peaceful atmosphere. I'd much rather see the bowling green used for bowling, or just left as it is - even if it were just left to go wild. The pavilion could perhaps be used on an occasional basis - but only for something that won't draw large and noisy crowds!	No	It would only cause to destroy the wonderful peaceful atmosphere in the park. If there were a bar, it should be outside of the park and near the cafe.	Just leave it as it is if it can't be used for bowls - you don't expect any other part of the park to pay for its own upkeep! Once it's gone as a bowling green, its gone forever.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
201	No	N/A	<p>The mini golf idea sounds good don't get me wrong, but you're forgetting about the young, the ones who can jump a fence.</p> <p>This is Peckham, home of the drug users, kids who burn stuff and break stuff. The idea sounds fun! Don't get me wrong here, but who will keep it safe and clean to be used again and again?</p>	No	<p>I have been to this park for more then 20+ years, as a dog walker and as a someone who likes to get out. You're wanting to install a bar in a park, in a park? We have the cafe that sells drinks. A cafe that sells booze is silly.</p> <p>1) where would all the trash go? 2) under age drinking, don't say it won't happen money is money. 3) if you're drinking, why would you want to leave the park. 4) non summer times who would keep it safe?</p>	<p>Look I have lived in Southwark for years and use this park for years from my Grandfather to my dad to me, I love this park.</p> <p>Why not just tear down the building and leave it as more park space, a place where others can go and just relex no fancy golf games, no silly drinking its a park... A park! What's next a spa room? Lol</p> <p>Guys/girls please it's a park, during the summer time (in covid times) there was at least 8 BBQ's a day, and naked flames. If you're unable to controle your parking during covid, how will you control it when you have fancy new stuff?</p> <p>A picnic area, there you go. Where familys can go and kids and enjoy themsevl and keep it gated off from dogs. Simple, clean and nice.</p>
202	Yes, I would use such a facility			Yes, I would use such a facility		
203	No		not a suitable use for such a site	No	should not be encouraging drinking in the park. this already leads to huge amount of litter	space for outdoor exercise classes such as yoga or pilates
204	Yes, although I might not use such a facility		I think any participatory activity is commendable.	No	I do not wish to see such a facility or any other 'FUN' activity you might consider. This lovely park will be diminished by such 'attractions'.	I hear Brockwell Park bowling green might like to move to it or a putting green - as I know the council want to derive an income from the green - even tho nothing else is expected to.
205	No		<p>There is already a lot of provision for children and younger people to enjoy themselves - playgrounds, activities in the open areas etc.</p> <p>The bowling green area has always been a quiet haven.</p> <p>Mini-golf is more of an amusement park activity</p>	No	<p>I am not against bars per se but I don't think this is a good development in the park where rowdy behaviour is already on the increase.</p>	<p>Use as a bowling green seemed ideal and it was a pity that there was not enough demand. I had thought it would be a good idea to start a club but I did not have the necessary expertise to do so.</p> <p>If Brockwell Park Bowling Club are looking to relocate that seems a good idea. They could encourage new members (of different ages and backgrounds) to join in and learn new skills.</p>
206	No		<p>The space is already a bowling green. It Would cost very little to keep the space as a bowling green. It hasn't been open as a bowling green for a few years. Reopen it as a bowling green.</p> <p>Why does anyone feel the need to spend lots of money changing the use of the space?</p>	Other	Makes Sense to have a bar there, but not only a space as just a bar	
207	Yes, I would use such a facility			Yes, I would use such a facility		
208	Yes, I would use such a facility			Yes, I would use such a facility		Tennis courts would be a welcome addition to the park!
209	No		What a ghastly and wholly inappropriate suggestion for a quiet, beautiful area.	No	Again, a pop up bar is likely to lead to loud, raucous behaviour. This is a quiet part of the park, please save the 'fun' activities for the Common and areas given over to playgrounds, sports and so on. It is hard to find peaceful areas in the city. Please don't wreck one of the few we have left.	Bowls, croquet, quiet activities in harmony with the area. Perhaps a juice bar?

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
210	Other, please state below	I think the space needs to be an affordable activity that can include both young and older people. It would be positive if the pop up bar was not just one company but a rotation of local small businesses.		Yes, although I might not use such a facility	As long as the pop up bar reflects the diverse business people in our area.	I don't have a specific idea for the space but please allow community groups to use it so they can learn how to apply for open space to hold events i.e from film screenings to market stalls.
211	No	It is unlikely this would be commercially viable and I fear it would become run down and unsightly. At least a vacant bowling green does not look grotty.	Would prefer to see this used for a tennis court or another real sports facility for which there is demand. And on which a coach or instructor could teach new skills to local children as part of an agreement to operate the facility.	No	There are plenty of great pubs and bars in the area but no tennis courts.	Tennis courts. There are very few in the area. Dulwich Park are the nearest useable courts and they are constantly fully booked so there is clear demand. There are many companies like Lifetime Tennis and All Stars which operate schemes on municipal courts where they offer affordable coaching and help maintain the facility. These are accessible to everyone and can help build skills and motivation for local children and young people. Booking and charging is simple via apps and courts are comparatively low maintenance.
212	Other, please state below	Keep as a bowling green.	It would cost much less and could be made available to hire for parties.	Not sure		
213	Yes, I would use such a facility	Restore the bowling green	I have occasionally used it to play petanque and I have seen people with crown green bowls there. Could it be restored so that it can continue to be used a bowling green.	Yes, I would use such a facility	I like eating and drinking in the sun.	
214	Other, please state below	Children's paddling pool; tennis courts		Not sure	It's in a part of the park that is not open in the evenings so would rely on weekend daytime takings? I'm s that the best use of the space of only properly used for 2 days of the week? Couldn't you just licence the cafe if not already?	Lido, paddling pool or tennis courts
215	Yes, I would use such a facility			Yes, I would use such a facility		
216	Yes, although I might not use such a facility			Yes, I would use such a facility		The park is nice. Continue to keep it clean and dog friendly. It is a great place to go for a run with my dog.
217	Yes, although I might not use such a facility		I think the area of the old bowling green should be used for some sort of outdoor exercise activity, and not turned into a pop-up bar as suggested. There are already enough people consuming alcohol in and around the park without drinking being further encouraged by a formal focal point for such activity.	No	As stated above, there are already enough people drinking in the park without it being further encouraged. That said, I would not be averse to there being another cafe in the park, or perhaps a bar that served non-alcoholic cocktails.	As I say above the area should be used for outdoor exercise. It could function as an outdoor/covered gym area with stationary bikes for spin classes and an area for yoga. Lots of informal exercise classes already happen in the park, e.g. yoga, military fitness, even weight lifting! Perhaps the bowling green could offer slightly better facilities for the people running and attending these classes than just the open park.
218	Yes, I would use such a facility			Yes, I would use such a facility		
219	Other, please state below	Tennis courts	I think you could fit two tennis courts, where people can book online like the current system for those courts in Belair & Dulwich parks	Yes, I would use such a facility		A pavilion like the one in Clapham, where bands could entertain or Shakespeare plays could take place
220	No			No		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
221	No			No		Something that supports the community, brings people together and helps small businesses.
222	No			No		Animal related activities? Dog park/agility
223	Yes, I would use such a facility		It would be nice to have a mini putting green rather than a "crazy golf" type facility. It should be low cost to play.	No		
224	Yes, I would use such a facility	Would also like to see tennis courts or used again as a bowling green If it's mini-golf it needs to be done in a 'natural' way in tune with that area of the park, like your picture.		Yes, I would use such a facility	As long as it's done carefully and is accessible for all ages and abilities	Tennis courts Revamped bowling green or other leisure pursuits, Yoga or alternative exercise in the building
225	Yes, I would use such a facility	Mini golf would be perfect. Please build this!	Suits the space, great for kids and adults. Real good family activity.	Yes, I would use such a facility	Great idea as well.	Given it's quite small I think it suits mini golf best. Could be another play area but the park well covered for this. Just refurb the old one instead if needed.
226	Not sure		I think that having a fun group activity suitable for all ages is a good idea but I am not convinced that mini golf is the best choice as it's likely to require a level of staffing that would make it prohibitively expensive	Yes, I would use such a facility		Croquet
227	Yes, I would use such a facility			Yes, I would use such a facility		
228	Not sure			Yes, I would use such a facility	I think this could be a great addition to the park.	- Tennis court(s) - Children's splash park
229	Yes, I would use such a facility		would provide a good use for this space. Takes cost away from council Provides employment	No	Not in keeping with the park	
230	No			No		Keep it as a bowling green, work to increase usage.
231	Yes, I would use such a facility		I would absolutely love this kind of facility! Mini-golf is such a fun activity for all age groups and would be really great to see something like this in the area.	Yes, I would use such a facility		
232	No			Yes, I would use such a facility		
233	No		I feel the space would be wasted on a mini golf course as it could easily be converted into a space that can be used by a wider cross section of the community, and for more than one purpose	Yes, I would use such a facility		I think an outdoor theatre/stage would provide entertainment opportunities for people of all ages, as well as family activities. The stage could host plays for schools as well as for the public, it could host music events and promote workshops/discussion sessions. I have an image of an amphitheatre with the bowling house being part of the stage

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
234	Yes, I would use such a facility		It is a good use of the existing unused space and would have broad appeal across all ages and communities and can be made to be attractive and naturalistic as the image shows.	Yes, I would use such a facility	It would be a pleasant follow on to a social occasion	
235	Not sure			Not sure		2x tennis courts With online booking.it could generate regular income. It would keep the area for adult use as opposed to mini golf which generally would appeal to children. There is a danger that the whole park turns into children's playground. It's nice to keep the diversity of use in the park
236	No			Yes, I would use such a facility		It would be absolutely fantastic to reinstate the Peckham lido. As a local resident, I would use an outdoor swimming pool a great deal. I used to be a member of a fantastic lido in Bristol, which also had saunas and steam room, and a cafe, and is a lucrative enterprise to run for partners, and fantastic for wellbeing and health. (Example at lidobristol.com)
237	Yes, I would use such a facility			Yes, although I might not use such a facility		
238	Yes, I would use such a facility			Yes, I would use such a facility		While both of these options are fine, it would be great for the space to be used for something that local residents could use for free. The great thing about Peckham Rye is that it is a totally free, public green space, and it would be sad for some of the park to be cordoned off for paying customers.
239	No	A more year round activity or space that would be used by a wider cross section of people	I visit the Rye everyday with my toddler. Outside summer the only regular users are parents with young kids, dog walkers and runners; none of these would use the pitch and putt. If the space could be more flexible ie used for classes, markets etc or could it be a maze that could be used all year round?	Yes, I would use such a facility	Would be great to support small bars etc and rotate offer. As long as it doesn't end up with too much rubbish or glass on the green	Another cafe, and a space to use for classes or even kids parties
240	No		I do not think it's in the values of what a park should stand for, to close off a section of it for commercial, for-profit use. It deprives park users of an area that should be common to all if they don't want/can't afford to do the mini golf.	No	This I feel would contribute further to the gentrification/segregation of Peckham.	Perhaps tennis courts that are free to use and book, similar to the tennis courts at Telegraph Hill. Or better, lawn activities like croquet that adhere to what the Bowling green was originally for.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
241	No		I imagine you are thinking of something like the 'Plonk' mini golf that was in Peckham Levels and is in Horniman Gardens - how awful!! How could you contemplate degrading a lovely and historic bowling green for this purpose. If you want to give 'Plonk' or a similar company a concession on Peckham Rye there is plenty of alternative space that could be hired to them. Anyone wanting mini golf does not have to go far. There is a far greater need for facilities and activities for older people, an age group that is seriously neglected with few facilities in the local area nowadays.	Not Answered		I imagine you don't want to hear this but - A BOWLING GREEN please, please, please. I loved playing bowls when the green was open to casual hire, this was very poorly advertised, and just starting to pick up when it closed again. Lovely staff, mixed ages playing, many pensioners (getting 'pensioner' rates) and refreshments on sale. also had a book swap at one stage. I appreciate that keeping bowling green grass well maintained needs paid staff - a cheaper alternative that keeps costs affordable is artificial grass (heresy to some I'm sure, but worth considering). Also, whatever you choose, PLEASE make this something for older people, not children/20s and 30s. There is SO much in Peckham that excludes us nowadays, bars are too loud, seating too difficult... did you see the news of a bowling green used as a venue for outdoor chamber orchestra concert this summer. What lovely ideas for multiple use, classical music at times, bowling, book groups, social club for older people, keep bowling costs low to introduce the next generation. Please don't let the green be diverted away from bowling entirely, this is history you are losing and it means a lot to us.
242	No			Yes, I would use such a facility		Pop up restaurant
243	Not sure			Yes, I would use such a facility		
244	Yes, I would use such a facility			No		Kids cafe. A cafe with indoor kids playground.
245	Yes, I would use such a facility			Yes, I would use such a facility		
246	No	Mini Golf would entail payment, whatever happens it should be a free activity. A few years ago the pavilion was turned into a cafe and there was family bowling. For me this worked and I would like to see it return.		No	The inner part of the park provides some tranquility and I think a bar would be too noisy, besides you can buy alcohol already at Colucci	Another cafe
247	No			Yes, I would use such a facility		

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
248	Other, please state below	I would like the bowling green to be re-instated	<p>There are mini golf facilities less than a mile away on rye lane and numerous sites around London. The Aquarius golf club is also less than a quarter of a mile from this location.</p> <p>A bowling green is more in keeping with the tradition of the park and an activity that can bring multiple generations together. In a similar vein it is a quintessentially British sport that can bring Southwark's diverse cultures together and tourists would like to play.</p> <p>I would also like a bar open all year, member fees could be charged for privileges, free use/discounts for low income jobseekers like the swim/gym scheme - this would also help keep the site commercially viable.</p>	Other	<p>I want facilities provided all year round not just in the summer months where the franchisee get to skim off the cream.</p> <p>This should be tendered to provide maximise the facilities for local people not to maximise profit for whomever gets to run the bar.</p>	Bowling Green is a great idea with permanent bar.
249	Other, please state below	Naturism		Yes, although I might not use such a facility		Naturism in public spaces is not against the law (see College of Policing Guidelines on Public Nudity 2018).It would be helpful however to have a designated space of naturism. This could be during the mornings and middle of the day leaving other uses for late afternoon or evening. It would be desirable to allow the hedges to grow or to grow additional shrubbery to shield it from view from the main paths. This might take until 2022.
250	Other, please state below	The Green should be retained for simple lawn use i.e croquet. Maintenance of the area should be financed by rent from the Pavilion. The Park already has 3 'fun entertainments' there is not a requirement for more.	<p>anything similar to the picture displayed would involve the destruction of the bowling green, which is the historical quiet heart of the Park.</p> <p>The overflow from the playgrounds is causing extreme damage to areas of the Park especially the Sexby Garden and the Japanese Garden.</p> <p>The Park cannot sustain more 'family' entertainment.</p> <p>Any use of the Green should blend in with the surrounding Park, for example colored structures or similar.</p>	Not sure	<p>If Southwark Council give a licence this maybe feasible.</p> <p>Any consumption of food/drink would have to be 'on site' not available for take away bottles/packaging, to prevent litter being left in the Park/Common.</p>	<p>The Pavilion could be rented out for suitable events for example yoga/exercise classes.</p> <p>Meetings, plays or similar in the evenings in the summer months.</p> <p>There would be objections to any amplified music or large gatherings.</p>
251	Yes, I would use such a facility	This is a great idea- inclusive and a nod to the original use of the space		No	The park is an inclusive space used by all. If the bar were only available evenings then there is justification but otherwise compromises a family friendly space	Mini golf / outdoor cinema screenings
252	No		I don't think this is the best use of the space but if it comes to it then at least this is family friendly.	No	This is a family park and should not be encouraging alcohol consumption so close to family spaces. This area should be used for the good of the community - there are plenty of bars in the local area, we don't need another.	I think this should be an ecological area - teaching children about nature and conservation of insects and other animals that we rely on to survive. It could house a bug hotel, be an area of wild planting and an education centre for conservation.
253	No		As a young single woman, I would rather not have another facility that very much caters to families. The park already provides a lot for families.	Yes, I would use such a facility	Given how popular the park is during the summer, I think this would be a lovely idea and a great source of revenue for the council.	I'd say that along with a pop up bar you could have tables, chairs and strings of fairy lights. Also maybe basic foods to buy like pizza and crisps.
254	Yes, I would use such a facility			Yes, although I might not use such a facility		Mini-golf would be great! Another idea for the area could be to have two (or more) tennis courts.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
255	Yes, although I might not use such a facility			Yes, I would use such a facility		
256	No		I don't think this would be the best use of the space in Peckham Rye Park, especially considering that mini-golf is an activity that is quite niche and less likely to bring people together than other potential uses of this space (an activity to do with friends - less likely to meet new people, etc). This is an activity that would also require payment, most likely expensive for locals and thus a less inclusive place.	Not sure	This could be good, however a more permanent use of the space may be better for locals and visitors of the area to establish a space where they can connect with one another and regularly go to.	I think a good use of this space for the area and the park would be a performance venue. Due to the pandemic, many venues have had to close down, which has meant that there are less spaces in the local area to celebrate music and the arts. Performance venues create a great opportunity to bring people together and act as a space to meet new people, connect through music and support the local community. In the current crisis, spaces like this are needed more than ever.
257	No			No		It would be wonderful if you would consider facilitating a performance venue for music and experimental theatre and community arts. As well as being an incredible platform and opportunity for emerging and established artists in the area as well as for local people, it would bring the community together. I would be honoured to help out & be part of it. I know many who would also. I am a performance artist and my focus is on community led projects and engaging local people in creative outlets and expression. My collective recently worked with Lewisham Homes and Lewisham Council on a community arts project. I live and work in South East London and have a close connection to Peckham Rye as I study at Camberwell College of Arts. It would make a huge difference if this was a place that supported the arts.
258	No			Not sure		I'm a local resident and music lover and I think performance stage would be perfect for the area. Simple, not hard or costly to maintain and something the park could use.
259	No		This would only appeal to a small number of local residents	Yes, I would use such a facility	This is a better idea, but it also needs some form of entertainment, such as music or comedy	I saw that you were open to suggestions for the evolution of the bowling green. A great idea would be to turn it into a local community performance space - for musicians, bands, DJs, stand-up comedy, actively supporting the development of creative talent in the area. You could add a licensed bar that would help to fund the performances. A diverse programme of styles would attract local folk from all age groups and backgrounds. Seems like an excellent opportunity. I'd be interested in helping to make it a reality.
260	No	Definitely not! Mini golf is a low quality, tacky facility. Not an addition to the area!		Yes, I would use such a facility		A multi use stage. For summer concerts, acting, performances, etc. And With the pavilion as a licensed summer bar facility.
261	No			Yes, I would use such a facility		Venue for live performances, music acts, performance art, etc.
262	Other, please state below	I would love to see a performance space set up here	I would like to see something that would benefit the local community and create a community space. I think mini golf would only encourage drunk 20 year olds from shoreditch. It wouldn't put back into the community or inspired local people.	Not sure	I think this could be good if it was accompanied with a live music venue that was run by local people and encouraged local artists	I think it would be great to have theatre performances here and use it as a rehearsal space for the many young people of Peckham. Seeing as so many places have been forced to shut down during Covid this would be an amazing opportunity for the council to put back into the arts. Whilst mountview is now in Peckham their spaces are not affordable to locals even though they say they are.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
263	No		No, I don't think it is that interesting an activity and it not meaningful enough	No	No, there are enough drinking spots and I think maybe there should be an aim to use that space all year round, not just over summer.	A performance venue would be great in Peckham Rye! This summer saw bands taking to the green to perform, but a venue kitted out for such performances, be it theatre productions, music gigs or dance performances, would be even greater! Would be good to have the Council pushing for such a thing, the arts are good for the soul. Dulwich Picture Gallery can put on events in the Mirrored Room, and the bandstand in the Horniman Gardens can also, so something in Peckham Rye would be great!
264	No		The bowling green is in a fairly tranquil area of the park: bringing constant noise near the Sexby Gardens and the small stream would disrupt the peace	No	Already loads of these in Peckham - it would take away customers from local businesses	A stage or a bandstand for outdoor performances: helping to support Peckham's cultural scene in a time where it is at risk of dying off
265	No		I have seen these mini golf facilities in other parks and they are often costly - particularly if you are a family with multiple children The cost would likely inhibit this being accessible to many people and impact your aim to bring people and communities together	No	Noise and potential disruptive behaviour to a peaceful part of the park Particularly in the summer, it's nice to explore the park and not be faced with revellers	Community garden / volunteer garden
266	No		Not something I would likely use. I'd rather see this space being used for something that gives back to the community vs just a leisure activity.	No	Not sure a bar would do well here or bring a good vibe to the park. Again would rather something that gave back to the community.	Something that supports a local business/the local community.
267	Other, please state below	A small venue for performing arts!	We have so many bars, we even have mini golf in the car park in Peckham. We need more venues for arts! Please take this in to serious consideration. I've been a resident for many years in Peckham, the old Peckham is disappearing before my eyes but one thing that bring old and new communities together is culture and arts! You can easily have a bar aswell! We have seen young people using the big tree as a ground to perform poetry in peaceful protest. Listen to the community!	Other	If it was with a venue	
268	No			Yes, I would use such a facility		AN OUTDOOR MUSIC VENUE
269	No			No		A MUSIC VENUE!! I'm
270	Yes, I would use such a facility			Yes, I would use such a facility		I would like to see it be adapted into some sort of indoor / outdoor performance venue (akin to a much smaller Regent's Park open air theatre) that could be used for musical, dramatic and other creative performances.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
271	Other, please state below	A community-led outdoor performance venue	I have explained in the final answer section.	No	I feel like this would have to be an affordable bar rather than a carbon copy of the more expensive 'hip' bars that are popping up along Peckham Rye such as the ones in Peckham Levels	<p>As a local resident to the park and member of the arts community, I think it would be an amazing idea to transform the Bowling Green space into a community run open-air performance venue, similar to the one in Crystal Palace Park - but without the pond.</p> <p>Given the strain Covid-19 has had on the arts and entertainment sectors, this would be an invaluable addition to the local community, giving young musicians and creatives from the area the opportunity to continue pursuing their passion in a safe manner. One of the greatest things about the local areas to Peckham Rye park is the vast spectrum of creativity that comes from the young people that have grown up and been to school here. Giving them the space to be able to continue expressing themselves and experimenting with their music or performing would be a diamond amongst the rubble of 2020 - which has been wholly unforgiving to everyone, particularly young people in education and those in the arts and entertainment industries. Opening such a venue would inject a sense of excitement and passion into the local community, and offers the opportunity to exercise safe attendance of performances once lockdown rules are eased in the future.</p> <p>Beyond Covid-19, a small outside performance venue within the park would be a creative hub for all generations alike, whether for a family orientated event or something more niche and out-there, giving people the opportunity to experience and stumble upon new things. I can imagine all kinds, from jazz bands in the summer to small scale pantomimes in the winter. It would completely transform and bring to life such a beloved part of Peckham Rye, and the park.</p>
272	Other, please state below	I would like to see the space used as a performance venue	I think with the lack of government support for artists, now more than ever they need to be supported in our local communities.	Yes, I would use such a facility	It would draw people in to watch and pay for ticketed performances	Just the performance venue I keep banging on about! 😊
273	Not sure			Yes, I would use such a facility		
274	No	MUSIC VENUE	Peckham doesn't have enough music and arts venues, there is clearly more demand from Peckham's diverse and adventurous crowd than there is supply	Not sure	Only if it had music, Peckham has enough bars already	Music Venue. Peckham doesn't have enough music and arts venues, there is clearly more demand from Peckham's diverse and adventurous crowd than there is supply
275	Yes, I would use such a facility		love minigolf! please choose a provider that will do a quality one though and maintain the 'fairways' nicely.	Not sure	I am not sure that's suitable within the gated park area. Maybe in the areas outside the gates, somewhere near where the circus/fair sets up.	Could be used as outdoor yoga/tai chi/etc space, but I like minigolf as a fun inclusive option.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
276	No		<p>There has already been a mini golf on Rye -lane, and in Brixton and Shoreditch.</p> <p>They are fun once, then people stop going.</p> <p>Whatever replaces the green needs to be sustainable and adaptable.</p>	No	<p>Peckham is full of pop-up bars, this is a public park space, not yet another area of our borough to gentrify and commercialise.</p> <p>What would the money from the bar be used for, would all profits go into the park?</p> <p>Is a bar really for everyone? A pop up bar is only accessible to a certain demographic, this is exclusive and is not a necessity, there is already the cafe area for food and drink.</p>	<p>The community and I would love to see this space turned into a place that was accessible to all, in a period where public spaces are being closed an marginalised, this is an opportunity to create a meaningful space that can draw together the community.</p> <p>This community is so talented and a park is a perfect place to let them flourish. Open this space to all voices and expressions. In the form of an inclusive performance area.</p> <p>As the Tories try to close down culture, this place will be a direct evolution and a monument to a new era of adaptability for the people, the public space and the re-awakening of culture in this historic time.</p> <p>Please don't waste this space to something flippant. There is enough of this on Rye Lane.</p>
277	No		<p>There are already three different playgrounds in our Heritage park. The bowling green is a central focal point for the park and I would like to retain as much of the existing green as possible.</p>	Yes, I would use such a facility	<p>Yes, provided there are strict rules around hours of operation and adequate facilities in terms of toilets and bins. The Park has been turned into a waste dump site this summer, partly due to irresponsible users but mainly due to the council's inability to provide adequate waste disposal facilities.</p>	<p>The Bowling Green needs to become a multi-functional space. During the daytime it could be used as a learning/activity space serving the more disadvantaged amongst our community. Local community groups for the disadvantaged (eg. disabled, elderly etc) could use it to learn about nature or simply a space for meditation and quiet reflection. At different times during the day it could be used for bowls or croquet.</p> <p>A modest food offering including tea/cake/sandwiches could be considered.</p> <p>In the evenings I have no objections to a pop-up bar & street food facility provided adequate bin & toilet facilities are provided. This should cover the commercial cost of running the site.</p>
278	No		<p>Will old and elderly people yet AGAIN be sidelined by Southwark council? It may have been underused by the local bowling club but other bowling clubs who have been deprived of their own greens are desperate to use it. They have asked - why ignore them?</p> <p>Also, Bowls is wonderful for my dyspraxia.</p>	No	<p>The Council promoting the sale of alcohol in a developed herbaceous area that could easily get trashed? It doesn't really fit with the council's promotion of PSPO's. Or being a council money-making enterprise maybe this would be conveniently overlooked.</p>	<p>Let the space BE as it is. A lovely open space. It doesn't need to be turned into an organised activity centre, nor should it be. Ask everyone that uses it - they like the natural open space.</p>
279	Yes, I would use such a facility			Yes, I would use such a facility		
280	Other, please state below	Croquet - way more in keeping with this beautiful park	Mini golf is a bad idea. Not at all in keeping with the park (I mean that's what you get at tatty seaside resorts) . LOADS of people would want to play croquet though	Not sure	Maybe - I'd be worried about people getting drunk and the park getting damaged.	It's a cool space. I like the park as it is.
281	No			Yes, I would use such a facility		Open air or semi-open Multi-purpose performance venue, for music, theatre, dance, and other types of performance
282	No			Other	Yes if it included a space for gigs and performances	A gig venue and bar would be great. The Horniman had a series of gigs with Balami radio last summer that were really popular and attended by people of all ages. This summer there were gigs run by performers in Hilly Fields and on the common at Peckham Rye that were also popular so it would be really good to have more spaces where this can happen

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
283	No		I have heard that you are to be converting the bowling green into a facility of another purpose and are looking for recommendations. I believe that a mini gold bar or a bar would only financially benefit the companies which would run these. I believe that running a small music venue would have massive cultural and financial impact on the local area and I highly recommend this option.	No	Bar within music venue is good	I have heard that you are to be converting the bowling green into a facility of another purpose and are looking for recommendations. I believe that a mini gold bar or a bar would only financially benefit the companies which would run these. I believe that running a small music venue would have massive cultural and financial impact on the local area and I highly recommend this option.
284	Not Answered			Not Answered		A music venue would be nice to celebrate the community and diversity around Peckham
285	No			Yes, although I might not use such a facility		Need money spent on the adventure playground that's closed..... how about a old people's club or a water park or an Australian style bowling green, Or more cricket nets?
286	Yes, although I might not use such a facility			Yes, I would use such a facility		A lido would be nice on peckham rye
287	Not sure		The idea is quite nice however I don't think the space is quite big enough for a substantial game of mini golf.	Yes, although I might not use such a facility		I think the space would Be really good for a an events space/ arts gallery. Nunhead/peckham is full of up coming musicians and artists would be a good space to showcase this. Also could function as a bar, but if it was solely a bar it would be a bit boring considering we already have the cafe which serves alcohol.
288	No		I'm disappointed with the mini golf suggestion, I think we are seeing a lot of mini golf activities available in different places, and it doesn't sit well with the feel of Peckham Rye park, mini golf has more the feel of theme park. But it also does not seem to fit that particular space.	No	I don't agree a licensed bar is a suitable suggestion, as it is a very enclosed space, also as a facility it is not reaching out to the wider community. There must be better ways to have people outside without involving alcohol, there is plenty of outdoor drinking areas in the neighbouring pubs and bars. It feels like a very commercial response to a public space.	I have had two separate ideas : 1) There are lots of dog owners in the area, I have been fascinated by the potential of social interaction across age groups/ social groups aided by having a dog. Could the closed area provide a dog agility course, that has a smaller cafe/ kiosk. A social area where people feel welcome to bring their dogs. There is a good opportunity to provide something unique, not provided in other parks. This idea could be developed further. 2) An interactive playful garden for families - using a maze structure- does not have to be hedging it could use other inventive options, it could change at different times of the year.
289	Not sure	Events space	If there is overwhelming support for mini golf then I would understand this, however I don't believe there would be long-term appeal for something as specific and as, dare I say, gimmicky as this. Real value would come from the space's ability to be flexible, and have a variety of cultural, artistic, social and even sporting events here.	Yes, I would use such a facility		I would like to submit a suggestion that the space could be made into a sheltered, Covid friendly events space whereby live music and other events are able to take place in a safe environment. There is a diverse musical and broader performing arts community in Peckham that is particularly struggling with new Covid restrictions. I believe that support needs to be continued to help these groups. I also believe a project such as this would be a great benefit to the wider community, offering opportunities for people to come together in a safe space and re-invigorate a sense of being part of the "bigger picture" rather than a group of isolated individuals. A sense of community. I hope that this suggestion may be taken into consideration.

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
290	Yes, although I might not use such a facility	two /threeboules courts	As far as I know there are no local facilities to play this game in Southwark.It is family friendly with easy rules and great fun. Boule courts are easy to maintain and do not take up a lot of room.Could be alongside a facility like a pop up cafe. Boules can be be played by all ages.Children can use plastic balls.	Yes, I would use such a facility	The park is a beautiful place to have a drink on a summer evening.	No
291	Not sure	I think this is along the right lines but it may be interesting to commission something more imaginative. See below.		No	I feel very strongly that the introduction of licensed premises in this peaceful area right at the heart of the park would change its whole nature. There is a cafe very nearby and Peckham and East Dulwich are full of places for people to enjoy a drink together. The inevitable noise and litter which accompany licensed premises - even if they are really well managed - will change the experience of being in the Sexby Garden and the other planted and wild areas nearby. During the recent lockdown when lots of people - understandably - came to the park to eat, drink and meet their friends, the park stopped being a place of refuge - something very much needed in our big city.	I would like to propose making the area into a MAZE. This could be open 365 days a year (with coin-operated turnstiles if revenue was required) with much more substantial animation at particular times of the year: it could become a Christmas grotto at Christmas, a spooky adventure at Halloween, an easter egg hunting ground at Easter, a holiday play area in the long summer holidays and so on. Entry to these activities would be by an affordable paid-for ticket with concessions for particular groups including local residents. These periods of activity could be designed to appeal to all sections of our community over time - older people, families with young children, teenagers and young adults, the people who come to walk their dogs. At these times, there would be very light refreshments available from the small building as well as small items to buy. The MAZE itself could be commissioned from a notable artist via a high profile competition. This together with the way the MAZE is constructed and then used would shine a spotlight on the Borough creating press interest and perhaps allowing people from Southwark to support people in other boroughs or even further afield to use unused areas of their own in imaginative ways which support community involvement. The CENTRE of the MAZE could change from year to year and be kept a 'secret' so that there was always a reason to come back. The building of the MAZE and the commissioning and running of the seasonal activities could involved local people both as professional contractors and volunteers creating work and building a sense of community unity. It could be structured to include all kinds of people who either already have or want to learn new skills. I have experience of making projects like this and the networks to support me and I would be delighted to submit a formal proposal including a business plan. I love the park and it would be very rewarding to work with you and your gardeners to make something beautiful and interesting which appeals to everyone - and allows everyone to take part - in different ways.
292	Yes, I would use such a facility		I would use it all the time	Yes, I would use such a facility	I would love a pop-up bar but it should be part of the minigolf	More minigolf!
293	Yes, I would use such a facility		It would be a positive addition to the park	No	The park is used by a lot of young families. I don't want people using alcohol mixing with children running around	Enlarge the outdoor gym

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
294	Yes, I would use such a facility		I think a minigolf course would be a really good use of this space. It is an activity that brings different generations together and would act as an "anchor" that would hopefully lead to people using other facilities in the park. I could imagine visiting with my children but also with my friends. Other parks with minigolf courses have been a success, including Battersea Park and Castle Park in Colchester.	Yes, I would use such a facility		
295	Yes, I would use such a facility	An outdoor performance space for music, drama and entertainment. For example: https://www.culturewhisper.com/images/thumbs/cw-45804-914x520.jpg For example: https://www.culturewhisper.com/images/thumbs/cw-45555-914x520.jpg	An outdoor performance space for music, drama and entertainment would support the sector following COVID hardship because as an outdoor venue there would be a lower risk of transmission and therefore greater certainty in being able to stage events. There is a significant local ecosystem of performing artists and colleges dedicated to music and theatre (e.g. Mountview, Southwark Music Service) and therefore the community exists to be able to take advantage of the facility. The areas is already partially secluded from the rest of the park and with its own reception building already in place all that is required is a stage and canopy and to make the ground secure for seated to be able to be arranged.	Other	Only if the bar was attached to a performance space. The park is somewhere to get away from people drinking for its own sake and this is an uncreative solution for the space.	I have proposed a CGS bid for an artificial cricket playing surface to complement the existing nets.
296	No		I don't think the site should be a mini golf course. If bowls - or, better still, croquet - are out of the question then it shouldn't be used for any other 'sporting' activity.	Yes, although I might not use such a facility	Given the number of people who brought alcohol with them to 'lockdown picnics' during the summer I can see this being popular - and it might help curb the amount of litter alcohol picnics create. If there was a way of encouraging recycling (i.e. free ice cream for every empty wine bottle brought to the cafe) that would be good too.	Rather than a licensed bar, I'd like to see a Dog Cafe, i.e. somewhere for dog walkers to get a cup of tea and dog treats. Clumber Park, a National Trust property near Worksop, has such a facility; called 'Central Bark' it's an indoor dog friendly cafe that sells light bites for dogs and their owners. In the case of Peckham Rye Park, the old bowling green could then be a fenced-off area for dogs to run around in without tripping up fellow park users due to inattentive owners. If the cafe has an alcohol licence that would make it popular on a hot summer's day - and if it could be hired privately (i.e. for a doggy birthday party) that would bring in extra revenue. As long as hire times were restricted (maybe winter only?) so that casual passersby can get in - unless the balance tips so that more hire requests are received than passing trade.
297	Other, please state below	It would be good to offer something in this area that is in keeping with its original use. It's great to offer more for families but what about something that would be suitable for older people who are often overlooked?	As it is right in the centre of the park, whatever is selected for that space will have a big impact on the look of the park. The existing playgrounds are all on the outer edges, accessible but not intrusive to the original design of the park. It is such a beautiful park, it would be a shame to make such a dramatic change to the original aesthetic.	Not sure	It really depends on how well it is managed and the controls on litter and the area around it. It sounds like a nice idea but at the same time, is it really the right place for serving alcohol?	
298	Other, please state below	Bookable Outdoor maybe covered (but with open sides) space to be used for classes like yoga, Pilates, fitness Tai chi etc	With the pandemic, there is a need for outdoor exercise space. Bookable so exercise classes can continue when we can't have classes indoors.	Not sure	How can there be a bar in the park when it's locked at night?	See above

No.	Would you like to see an outdoor activity such as mini-golf or something similar?	Would you like to see an outdoor activity such as mini-golf or something similar? - Supporting comments if 'other' selected	Would you like to see an outdoor activity such as mini-golf or something similar? - Please use this space to explain your answer if you wish	- Would you support a pop-up licensed bar facility during the summer months	Would you support a pop-up licensed bar facility during the summer months? - Please explain the reason for your answer if you wish	Do you have any other ideas for activities you think would be good for this area and the park? - Please use this space for your answer if you wish
299	No			Not sure		A small live music venue / events space for creatives to perform
300	Other, please state below	<p>I would like to see a facility that has complies with the following criteria:</p> <ul style="list-style-type: none"> - Does not damage the natural environment of the bowling green area, e.g. by building physical structures - Is accessible to all users of Peckham Rye Park: the Park serves a substantial low-income population. It would be highly inequitable to have a facility that these users could not access. - Would ideally make the most of the enclosed and protected nature of the bowling green space to involve people with special needs 	<p>There is a lack of community infrastructure in Southwark. The bowling green area could help to fill this gap. It has the following positive attributes:</p> <ul style="list-style-type: none"> - basic infrastructure (toilets, kitchen area, storage space) - safe, enclosed space - shelter in bad weather. <p>I see the bowling green being run as a community hub, with a range of activities depending on needs and the offer of people to run them. I understand that there is a proposal for a community enterprise using dog care as the basis for training for people with mental health or addiction issues. I imagine that they would need the space during weekday daylight hours. This would mean that the space could be used for other community activities at the weekends. The park is locked at sundown so evening activities are not possible anyway.</p>	No	<p>I don't think that we should have sales of food alcohol in the park. I know that Colicci's who have the contract to run the cafe on the Common also have the license for sales at the bowling green pavilion. I don't think we lose anything by this not having been open for years. There is a huge and increasing problem of packaging waste in the Park and on the Common. The Council needs to find a way of managing this before allowing any activities that generate food waste in the area.</p>	<p>As well as the proposal for a community enterprise with dogs mentioned in my answer to Q1, I think there are a series of community activities that could be run from the bowling green site:</p> <ul style="list-style-type: none"> - sensory workshops for partially sighted people, linked with access to the Park's sensory planting between the bowling green and the Sexby Garden. Friends of Peckham Rye Park has supported sensory walks and we are aware that the people involved like to have an opportunity to sit down and talk about the walk afterwards - Memory cafe : opportunity for older people or those experiencing short-term memory loss to engage around the natural world, the local environment, events, etc - children's parties and activities - seasonal sports sessions for people wanting to play games like croquet and bowls
301	No		<p>This is a beautiful quiet green area which is used by rare green woodpeckers that live in the nearby trees.</p> <p>Mini golf only attracts a very small sector of society. It is noisy and an eyesore.</p> <p>The peacefulness of the nearby Sexby garden is enjoyed by many & will be ruined for the sake of a few. There are many people who come to this area to relax, to meditate, to read, the let their babies sleep in the shade. Please don't ruin our park.</p>	No	<p>Peckham & Nunhead & East Dulwich are already full of bars & pubs. There are plenty of opportunities for people to drink elsewhere or to bring takeaway drinks to the park. This will be a noisy activity and only attract a small, specific sector of society. It is also not a sensible suggestion during a global pandemic.</p> <p>A park should be a green space to be enjoyed by all, including the local wildlife.</p> <p>Please don't put a bar here!</p>	<p>A community vegetable garden. This will not only look beautiful but it can be enjoyed by all. People can come & learn how to grow fruit & veg, something which is far more useful during a global pandemic than golf or drinking. It will bring people together at a safe distance. The pavilion can be used for storing tools, seeds etc.</p> <p>The hugely popular community veg garden at Brockwell Park can be used as a model. There are 3 year long waiting lists for local allotments so there is clearly a huge local need and desire to learn these skills.</p>
302	Yes, I would use such a facility			Yes, I would use such a facility		<p>Another game or sport that can be played by people with limited mobility would be good. Petanque/boules can be played on a sandy pitch (lower maintenance), and can be played by elderly people and people with limited mobility.</p>
303	Yes, I would use such a facility			No	<p>A bar selling alcohol is totally unnecessary in an area well served by alcohol outlets and it is not compatible with the need to improve the health of local residents.</p>	<p>I think the area should be used to promote and demonstrate fruit and vegetable growing and to encourage participation by local people in running this facility.</p> <p>There is an excellent community garden in the park at Herne Hill. It provides opportunities for people to share and learn new skills and make new friends, it can appeal to all ages and ethnicities and genders.</p>
304	Not sure			Yes, I would use such a facility		<p>Pop up pizza place or garden centre - weekly farmers/flower market</p>
305	No	<p>It should remain as a bowling green but the times of opening need to be advertised.</p>	<p>I love bowls and it is good for community groups. It's not advertised so people don't know about it. A bowling green is so precious.</p>	Yes, I would use such a facility
