Statement of reasons

Kirkwood Road environmental improvements

*The London Borough of Southwark (Prescribed route) (Kirkwood Road) (No. 1) Traffic Order 201**

Kirkwood Nature Reserve is located within the Queen's Road ward in the London Borough of Southwark. The north end of Kirkwood Road, which leads to the Kirkwood Nature reserve, is currently used for fly-tipping and non-permit parking.

The Friends of Cossall Park and Kirkwood Nature Reserve have been awarded funding through the Council's Cleaner Greener Safer programme to close this part of Kirkwood road to motor-vehicles, and re-landscape to improve the space for local residents and visitors to the area.

The proposed improvements would include:

- creating a paved area
- adding planters with shrubs and trees
- building raised beds with plants
- installing removable bollards

The bollards will be installed just north of the railway bridge, and will be removable to enable Network Rail to have access for repairs.

The proposed changes will decrease fly tipping and inconsiderate parking in the area; and create an attractive entrance to the reserve.
