

Hoarding Licence Application

Companies wishing to place a hoarding on a public highway must apply for a licence under Section 172 of the Highways Act 1980. Note, that other items placed behind the hoarding may still require a separate highways licence and this licence does not allow excavation to be carried out behind the hoarding.

Hoarding licence applications require up to 15 working days to process from the date of receipt and only fully completed applications will be considered. Do not place anything on the highway until the licence has been issued.

Once the application has been reviewed by the highways licensing officer, you will be contacted with confirmation of the required fees and deposit. Payment can be made online or by phone once we have sent you an invoice. No licences will be issued until payment has been received.

Please note that all payments should be made by the applicant. Refunds will be paid directly back to the applicant only. You must request the deposit return once you have cleared site. The applicant must be the same as the holder of the liability insurance and all details including address must match. The applicant must also be the signatory on the indemnity form.

The cost of a hoarding licence is:

- Hoardings up to 10 metres in length = £509.30 per month
- Hoardings over 10 meters and up to 50 metres = £679.10 per month
- Hoardings over 50 metres = £922.30 per month

A deposit of £100 per metre will be taken. This will be returned when an inspection has taken place after works are complete and there has been no damage to our highway. If there are special materials on site we may request an additional deposit amount.

All of the following documents are required as part of the hoarding licence application.

1. A completed & signed application form
2. A signed letter of Indemnity
